1806412

- 9. What is meant by Cost Accounting? Explain its objectives and limitations.
- 10. What do you mean by Element of Cost? Explain clearly the element of total cost.
- 11. What do you mean by Management Accounting? Discuss its nature and scope.
- 12. A furniture company manufactures stools, chairs and tables. The materials and wages cost per unit of furniture are given below:

	Stools	Chairs	Tables
Materials	18	30	220
Wages	24	20	60

The factory overheads during the month were Rs. 36,000. You are asked to determine the factory cost of each type of furniture after assuming that 1 table is equivalent to 4 stools and 2 chairs are equivalent to 1 table for the purpose of factory overhead allocation. The production in the month of April was stools 600, chairs 300 and tables 60.

- 13. The following figures relate to two jobs of Rahul Ltd:

	Job No.1	Job No.1
Direct Materials	8,000	6000
Direct Labour	10,000	8,000
Direct Expenses	2,000	2,000

Works on cost is 50% on Prime cost and office on cost is 50% on labour. Find out the total cost of each Job.
